SAFETY PRECAUTIONS

-  This product without waterproof function. To avoid the risk of fire breakout or electric shock, please do not expose this unit in the rain or moist environment. Do not open the cabinet. Such operation will absolve relative maintenance guarantee. Only the legally authorized professionals are allowed to conduct such operation.
-  **LASER:** This unit installs a laser system. To ensure proper use of this product, please read this owner's manual carefully before operating this unit and keep it for future reference. If the unit requires maintenance, please contact an authorized professional. Please operate according to correct process in order not to hurt by laser beam.
-  Please use this unit at normal temperature. Do not put the unit under -10 degree or higher than +60 degree environment. Otherwise it will distort the plastic shell, debase the display quality and products quality.
-  Installation should be very tight and secured to prevent the fallen unit hurt people and damage the unit when moving on or a sudden brake.
-  Please install carefully to avoid damaging working platform. Please clean the internal working platform, and ensure sufficient space for installation. Inner shell will be installed on the working platform. Then install the mainframe, connecting the power and video signals jack, then put mainframe into the shell. Then assemble the shell with the mainframe device.
-  Please do not try to repair display device by yourself. It is made up of many precision electronic elements, and any dismantlement or refit will make it damaged or broken. If any problem on the unit, please switch off the power immediately, and consult your nearest seller or distributor.
-  Please keep the monitor away from the pollution of moisture, dust, water soot etc. Please switch off the power immediately if any moisture or other objects pollute, please contact the seller or distributor.
-  If you drive with the sound at a level preventing you from hearing sounds outside the car please keep the unit at an appropriate sound level, otherwise this may affect your driving and cause an accident.
-  For your safety, please do not watch or operate the monitor when you are driving.

Preface

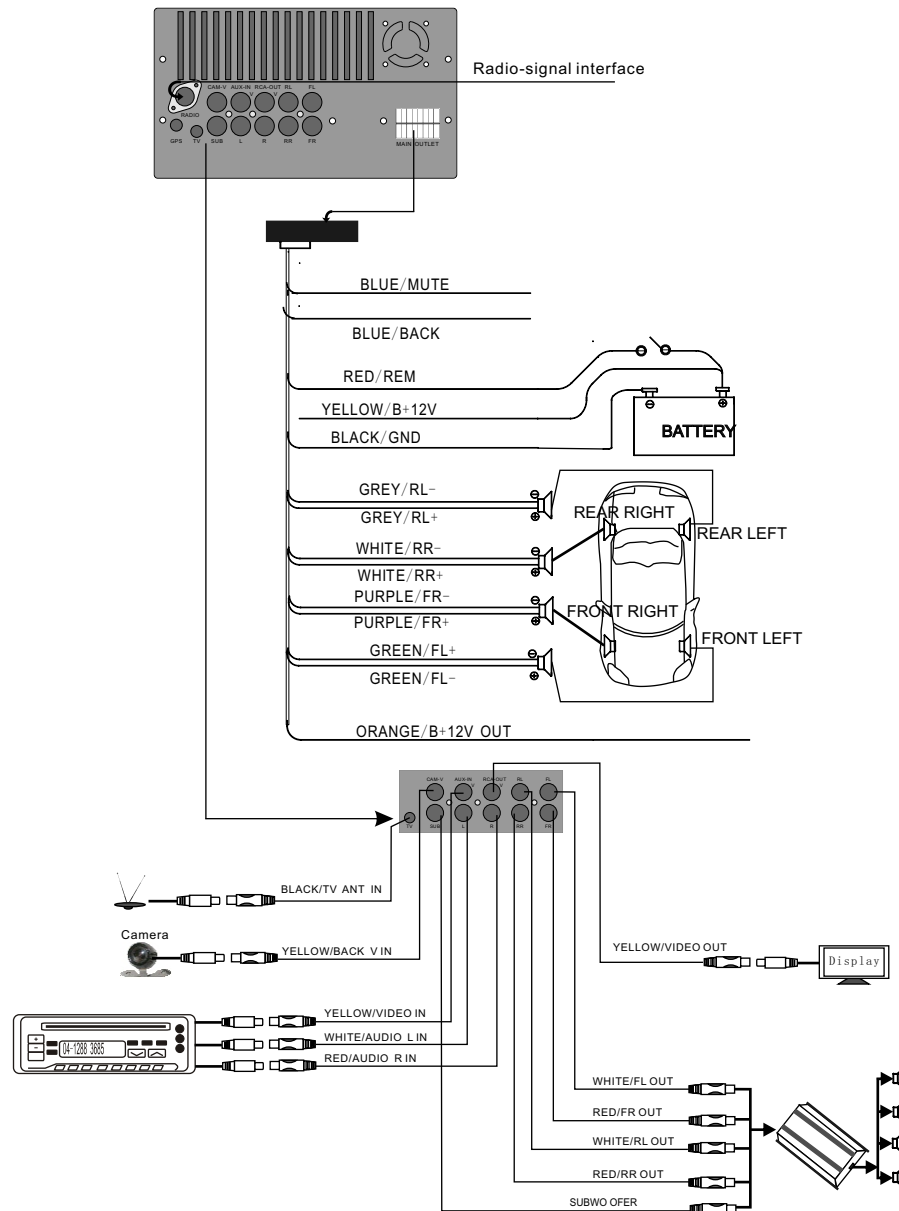

Thank you for your support of the company's products and options. This unit is crystallization of the modern high-tech. It is a cross-functional player mode and adjustable true color LCD Automatic retractable screen LCD touch screen. Allows you to be arbitrary choice To appreciate the program. Here, we wish you to personally experience this high-tech products can be Perfect fun and enjoyment.

To ensure proper use of this product, please read this owner's manual carefully before operating this unit and keep it for future reference.

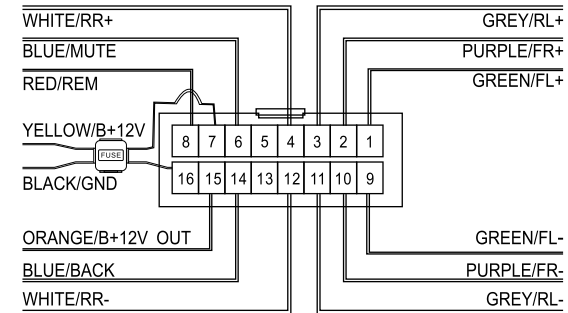

MAIN FEATURES

1. 7" Wide screen TFT LCD high-definition media player monitor.
2. This unit is with touch icon interface and touch button icon.
3. DVD/RADIO/AUX/USB/SD/BLUE/CAR BACK function build in.
4. DVD/VCD/MP3/CD/MPEG compatible.
5. FM/AM digital synthesizer tuner with 30 memory presets.
6. Intelligentize bluetooth function, for you to make and answer the phone comfortably.
7. Built-in power 4X60W power amplifier, 4 way RCA stereo audio output, can connect to external audio device.
8. Signal: 1 video output, 1 video input.
9. Under car reverse mode, can auto switch to the reversing mode, if connect to the camera, can observe the back side of car to ensure the safety.
10. Menu language: CHINESE/ ENGLISH display.
11. Menu function: all function is operated by OSD menu.
12. Display system: AUTO/ PAL/ NTSC.
13. Video mode: Brightness/ Standard/Soft/Sharp four preset video mode.
14. Auto memory: all the feature or position adjustment can be auto memoried and will auto resume.
15. Display panel adjust: Panel angle can be adjustable.
16. Support USB/SD card to play MP3/MP4/WMA/AVI/JPEG media format.
17. Remote control: full function remote control operation
18. Picture pixel: 480*3(R.G.B)*234
19. Power: DV+12V/±10%; Low power consumption : ~25W
20. Working Temp: -10°C~60°C
21. Max Current:10 A
22. This unit has anti shock function
